

# Project 2

---

CS 377: Database Systems

# Project 2 Logistics

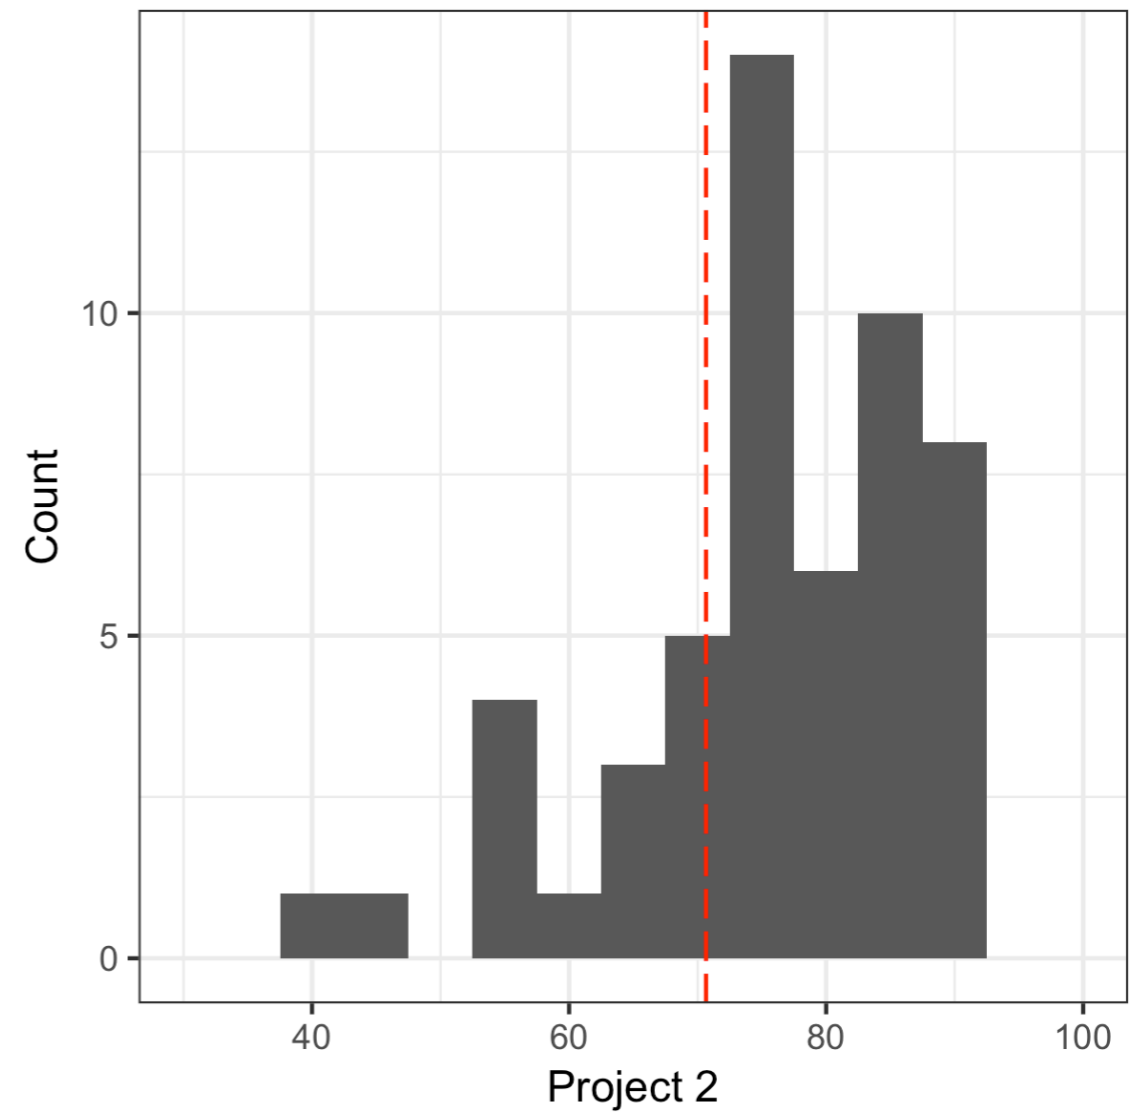

---

- Your grade most likely changed this morning because we noticed a discrepancy between the point distribution of Question 7 and Question 10
  - Question 7 is worth 5 points
  - Question 10 is worth 15 points

# Project 2 Distribution

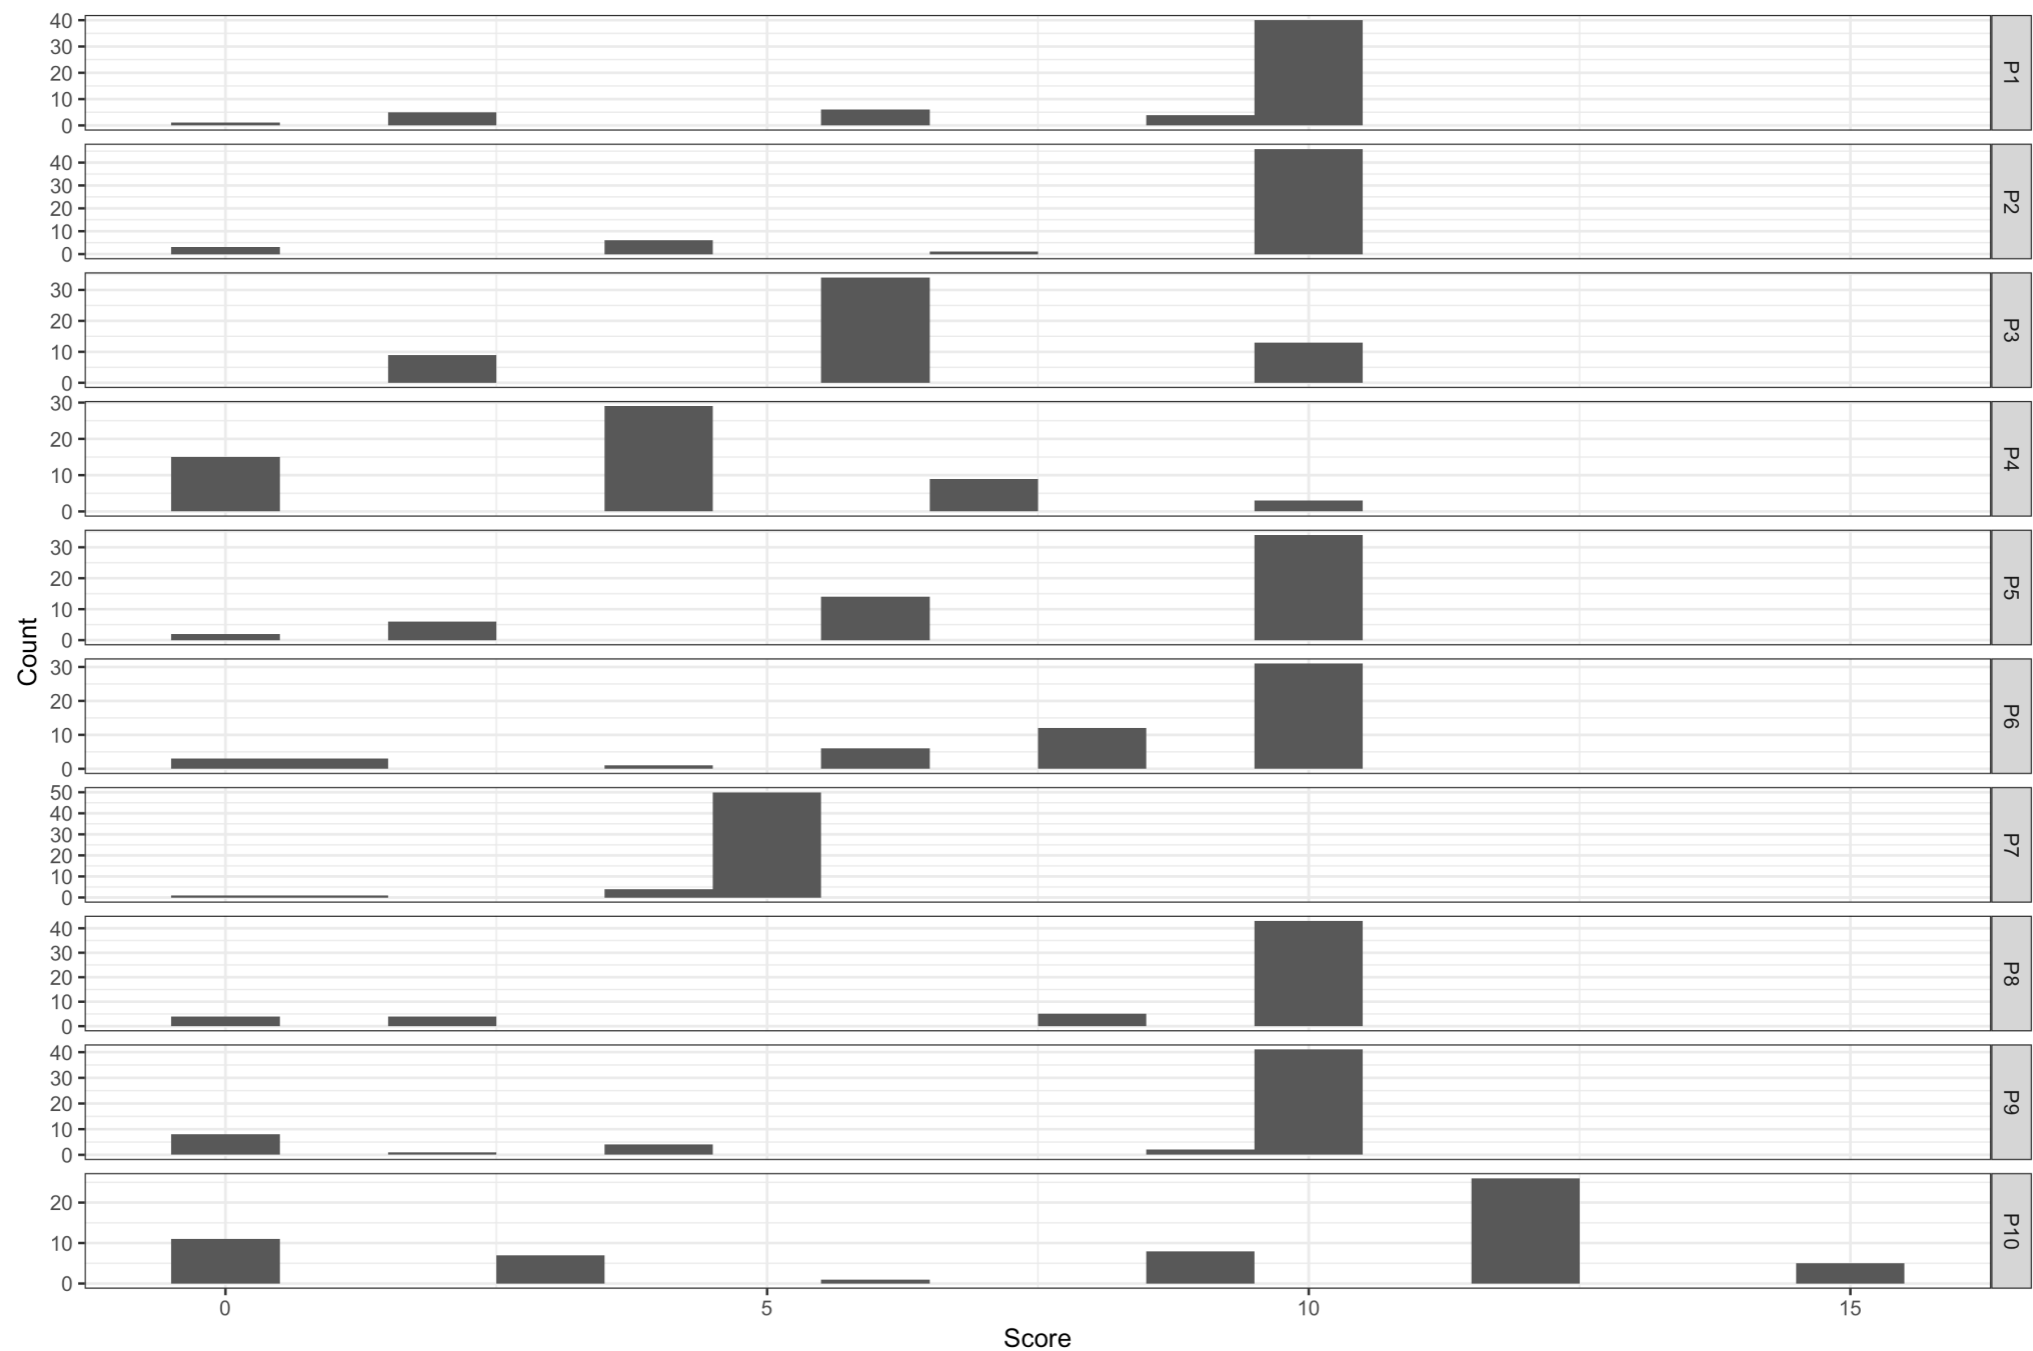

---

- Median: 76
- Mean: 70.66
- Standard Deviation: 21.26

# Project 2 Problems

# Project 2 Regrade Policy

---

- TA  $\rightarrow$  Problem distribution
  - Odd #: Henry
  - Even #: Camilo
- Problem #4: If your query returns movies with no actors in 2010, email Camilo to get full credit
- If your query times out - you need to meet the TA in person to show you executing the query and the results
